

## THE FINEST THINGS IN LIFE

take time and true appreciation demands attention. When you want to treat yourself to good food; knowing what you're eating and where it's coming from is the beginning. Align yourself with a tradition of wonderfully fresh bagels that let you access the food you love when you want it; made to order for you.

*"For 25 years, our experienced bakers have worked to produce daily-made small batches of bagels – so fresh you'll feel like it's the first time you've tried one."*

## INGREDIENT BY INGREDIENT,

we mix our bagels from scratch to ensure that the decades-old traditional flavor is unchanged. That's also one of the reasons we work with natural, preservative-free ingredients as we mix our dough. The results of local harvests and expert mixing means that we're proud to stand by every bagel, cream cheese and baked good that we sell.

### CORPORATE CATERING
